Dear Class of 2023,

Welcome to Vanderbilt! This exact moment—the start of your college education—will only happen once, and it will resonate for the rest of your life. The months ahead will broaden your perspective and deepen your understanding of what is possible, on Vanderbilt’s campus and far beyond.

As you embark on this exciting journey, fully embrace the new community of which you are now part. The Vanderbilt community is one that values diverse perspectives and is strong and supportive. While your time at Vanderbilt is very much about your own journey and growth, you will also develop deep friendships through The Martha Rivers Ingram Commons that will stay with you for years to come.

Since joining the Vanderbilt community in 2002, I too have had the opportunity to make many friends, and to see our university from several different perspectives—as a professor, a mentor, a scientist, a dean, a vice chancellor, the provost, and now also as the interim chancellor. Each experience has strengthened my confidence in our collective impact and my belief that, by leveraging our strengths together, we will make discoveries and foster creative works that can truly change the world.

I encourage you to take advantage of all that Vanderbilt has to offer. We are a leading American research university where you will find faculty members who are collaborative, accessible, and working across school and college boundaries to help students pursue their intellectual curiosities. You will be able to find and nurture your passions in a number of ways—from work inside your major or minor, through your Immersion Vanderbilt project, or by engaging with the countless distinguished thought leaders that come to campus. Here, you will find a full spectrum of opportunities to engage, grow, and make a difference.

Lastly, you should know you are part of a very special and, in fact, historic class! In the year 2023, Vanderbilt will celebrate its 150th anniversary. There will be commemorations and celebrations to mark this special moment in Vanderbilt’s history come 2023, only four years from now!

Congratulations on joining the Vanderbilt community. I can’t wait to welcome you and see all that you discover.

Sincerely,

Susan R. Wente
Interim Chancellor and Provost

GET TO KNOW YOUR NEIGHBORHOOD
As dean of The Martha Rivers Ingram Commons, I am delighted to welcome you to Vanderbilt University. The Ingram Commons is one of the things that make Vanderbilt special—it is more than a residence hall, but instead a place where you will live and learn among your peers and classmates for the duration of your first year. By the time you read this, you will have already met some of them, and you will meet more in the days ahead. Yet even before you arrived on campus, there was already a community of people eagerly waiting to meet you.

These people are researchers, teachers, mentors, advocates, advisers, and counselors. They are your faculty heads of house, your head residents, your resident advisers, your VUceptors, the dean of students and his staff members, the deans of the four undergraduate colleges and their associates, my colleagues in the Office of the Dean of The Ingram Commons, and so many others. We have worked together for months now with one purpose in mind: to get you off to the best possible start. We have planned programs, events, seminars, tours, workshops, and parties for you and the rest of the Class of 2023.

You were admitted to Vanderbilt because you are ready for new challenges, and in fact we think you will thrive here. But now that you have chosen where you will go to college, I’d like to encourage you to consider how you go to college. The difference between college and high school is the breadth and depth of opportunity—to meet new people, study new things, and have entirely new experiences. But there are also things that should look familiar to you as well.

Some of those familiar things might be academic interests and extracurricular experiences that made you choose Vanderbilt in the first place. Continuing to pursue those passions will help the rest of the community learn from you and your unique insights and experiences. But I also want to encourage you to take advantage of the broad range of opportunities you will find here to seek new knowledge and experiences: studying something you didn’t know existed; trying an activity that makes you just a little nervous; talking with someone whose political beliefs are different from yours. One of the many strengths of our great university—and The Ingram Commons in particular—is the community we create and re-create each time we learn from people who are not exactly like us.

Of course, it’s hard to know what you don’t know—you need a way to explore the possibilities that Vanderbilt has to offer. This guide, *InsiderVU*, is designed to help you in that effort. In these pages, you will learn more about the many resources and opportunities we have to offer you at Vanderbilt and in Nashville. You will also learn more about the places and people here in your new home. All of us are so glad you are finally here, and we are ready to live and learn together.

THE HISTORIC NEIGHBORHOOD

The buildings in the historic neighborhood were built for what was then the George Peabody College for Teachers, an independent college that merged with Vanderbilt University in 1979.

East, North, and West Houses were originally built in the 1920s, a decade after Peabody College moved to its current location. These were the first dorms on the Peabody campus. Prior to that, students either lived at home or boarded somewhere in the community. However, the rising costs for room and board after World War I prevented many students from attending, which prompted Peabody to build these residence halls. When West Hall opened in 1922, it featured a cafeteria in the basement and was considered a model of luxury. All three halls have been renovated and updated several times.

Gillette House is named after Frank E. Gillette who was a longtime trustee of Peabody College. Born in Kansas in 1878, he came to Nashville in 1903 and became one of the leading businessmen and investors in town, as well as a generous philanthropist. With interests ranging from agriculture and education to finance and sports, he maintained a farm in Williamson County, won a Nashville golf championship, and also served as trustee of Meharry Medical College, a historically African American medical school in Nashville.

Memorial House, built in 1935, was partially funded by the United Daughters of the Confederacy (UDC). In 2002, Vanderbilt sought to change the name “Confederate Memorial Hall”; in 2005 a Tennessee Appeals Court ruled that Vanderbilt could not remove “Confederate” from the building pediment unless Vanderbilt repaid the UDC the current value of its original donation. At the time, Vanderbilt chose not to return the donation, which would be a sizable donation to the UDC. Instead, consistent with the court’s ruling, Vanderbilt renamed the building “Memorial Hall” in all official references and placed “Memorial” nameplates above its entryways. The name “Memorial Hall” is intended to honor all who have lost their lives in all armed conflicts of the United States. The inscription was formally changed in 2017, with the assistance of several anonymous donors whose gifts were designated for this purpose.
The new neighborhood was constructed between 2005 and 2008 in preparation for the opening of The Ingram Commons in August 2008.

**Crawford House** is named for Frank Armstrong Crawford, the second wife of Commodore Cornelius Vanderbilt. Her parents, expecting a son, named her before her birth. A Southern socialite, she was 45 years his junior when she married Vanderbilt. She is credited with moving her tightfisted millionaire husband from the North toward his only major philanthropy—giving $1 million to Bishop H. N. McTyeire in 1873 to found a university in the South.

**Hank Ingram House** is named for Orrin Henry (“Hank”) Ingram Sr. Born in Wisconsin in 1904, he moved to Nashville where he established himself as a successful businessman and philanthropist. He served as vice president of the Vanderbilt Board of Trust from 1952 until his death in 1963. His passion for the university inspired his children and their families to build upon his legacy and play key roles in Vanderbilt’s future.

**Murray House** is named for the Rev. Walter R. Murray Jr. He and his close friend Perry Wallace were among the university’s first African American undergraduates when they arrived in 1966. Murray became vice president of the Student Government Association and a founder of the Afro-American Student Association, and later was the first African American member of the Board of Trust. He also helped found the Association of Vanderbilt Black Alumni.

**Stambaugh House** is named for John H. Stambaugh, who studied economics at the University of Chicago before taking a post on the White House foreign economics policy desk during the Eisenhower administration. From 1956 to 1962, Stambaugh served as vice chancellor for business affairs at Vanderbilt. In 1964, he persuaded Bronson Ingram, the son of his friend Hank, to invest with him in the Tennessee Book Company, which led to the establishment of Ingram Book Group, a division of Ingram Industries Inc.

**Sutherland House** is named for Earl W. Sutherland Jr., a Nobel Prize winner and professor of physiology at Vanderbilt from 1963 until his death in 1974. He was born in Kansas in 1915 into a family of modest means. In order to pay for his college tuition, Sutherland worked all four years as a medical staff assistant at a local hospital. He received the Nobel Prize in 1971 for his discoveries concerning the mechanisms of the actions of hormones. His work has helped researchers today understand how various hormones exert important functions within organisms.

RESIDENTIAL COLLEGES
vanderbilt.edu/residentialcolleges

Residential colleges are central to realizing Vanderbilt’s vision for providing undergraduate students with a transformative educational experience. The aim is to provide a rich and diverse intellectual community that cultivates lifelong learning through close proximity to faculty and staff who live, learn, and work in partnership with students.

While The Ingram Commons is a residential college community for first-year students, E. Bronson Ingram, Moore, and Warren colleges allow sophomores, juniors, and seniors to continue living in a residential college. Each residential college functions as a “campus within a campus” for about 330 undergraduates who live and learn alongside visiting scholars under the leadership of a faculty head of college. Spaces for learning and collaboration are woven into the structure’s free-flowing design, encouraging a sense of community, identity, and belonging.

“Life in a residential college sparks creativity, builds community, supports student success, and extends educational opportunities beyond the classroom. Together, with campus partners, the residential colleges offer support for students to make the most of experiential learning at Vanderbilt. It’s not too early to begin thinking about life after The Ingram Commons. Visit vanderbilt.edu/residentialcolleges for more information about residential colleges.

The residential college system began with the opening of The Martha Rivers Ingram Commons in 2008. Opened in 2014, Moore and Warren colleges were the first residential options for upperclass students. E. Bronson Ingram College welcomed its inaugural class of residents for the 2018–2019 academic year. In December 2017 the university broke ground on the next residential college, which opens August 2020. The university currently has plans for two new residential colleges along West End Avenue slated to open in 2022 and 2023, respectively.

“In our residential colleges, students and faculty develop a strong sense of community, where they listen and learn from each other, extending education well beyond the classroom. The residential colleges are an important part of our mission to educate the whole person in preparation for their futures as leaders and engaged citizens.”

— Interim Chancellor and Provost Susan R. Wente

“Residential colleges are places of real community, places where students learn, laugh, listen, study, and, yes, even rest. With a Vanderbilt faculty member in residence, these spaces are more than just beautiful buildings. They are places where the university’s mission of discovery, teaching, and service comes alive in dynamic ways.”

— Vice Provost for Academic Affairs and Dean of Residential Faculty Vanessa Beasley

ALMA MATER
(Words by Robert F. Vaughn, 1907)
On the city’s western border
Reared against the sky
Proudly stands our Alma Mater
As the years roll by.

(Refrain)
Forward ever be thy watchword,
Conquer and prevail.
Hail to thee our Alma Mater,
Vanderbilt, all hail!

Cherished by the sons and daughters,
Mem’ries sweet shall throng
Round our hearts, O Alma Mater,
As we sing our song.

(Refrain)
Forward ever be thy watchword,
Conquer and prevail.
Hail to thee our Alma Mater,
Vanderbilt, all hail!

All first-year students are assigned to one of 93 Vanderbilt Visions groups. An undergraduate peer mentor and a faculty member from any of the undergraduate or professional schools—your student and faculty VUceptors—lead and mentor each group.

Vanderbilt Visions begins during CommonVU Orientation and meets on Mondays or Tuesdays during the semester until early November. A syllabus organizes the activities and discussions designed to help group members explore the transition they experience moving from high school to college.

Visions gives you the opportunity to meet people from other houses and floors starting on your first day. Your Visions experience will also allow you to ask for support or raise questions as a group that you might not want to discuss with your professors or other upperclass students outside of Visions. Visions groups provide space for honest conversations about the social and academic challenges of your first semester and help you discover how you can be happy and successful. Being in Visions will also make you aware of the many resources that can support you academically, socially, emotionally, and spiritually.

In the second half of the semester, you will have the opportunity to participate in sessions with campus partners providing you with the chance to learn about resources designed to help you succeed at Vanderbilt.

TAKE CHARGE OF YOUR ACADEMIC SUCCESS
TIPS ON HOW TO SUCCEED ACADEMICALLY

1. Actually Go to Class
Going to class may seem like a no-brainer, but in college it is easy to skip your classes if you so choose. And this can quickly become a hard habit to break. So, unless there are extenuating circumstances, actually get out of bed and go to your classes! It’s the simplest way to get a jump-start on earning a good grade and meeting other students.

2. Go to Office Hours
Office hours can be incredibly helpful, but students are often hesitant to attend. Even if you don’t have a question that pertains directly to the class, your professors will be happy to see you. You can ask them about problems that you are struggling with or discuss a topic you found particularly interesting. Also, communicate clearly with your professors. If you have to miss a class, let them know. Professors are understanding people and will happily help you out if you make the effort to communicate with them.

3. Manage Your Time
You can accomplish more than you might think, as long as you learn to manage your time. Being busy does not necessarily mean effective time management. Set a specific time for everything that you do, including homework. Even if you’re not a “schedule person,” try it out. If you have a detailed schedule, and you stick to it, you’re going to be amazed with what you get done. TV, video games, Facebook, and Netflix are beautiful things, so set aside time for them, just not too much time.

4. Work with Other Students
Nothing reinforces what you just learned as well as teaching it to someone else. Working in groups has many advantages. If you work with the right people, they can help you stay focused and on task. You can bounce ideas off of each other, and, if one of you understands a topic well, you can help the others. People from other schools are often surprised by how supportive Vandy students are of each other. Use that to your advantage, regardless of whether you’re talking about poetry or mitosis.

5. Practice Self-Care
While your academic success is extremely important, you can’t expect to do your best work or perform to the best of your abilities in class if you’re not taking time to be your best self. So, get an appropriate amount of sleep each night, aim for healthy diet and exercise habits, and spend time de-stressing with friends. You will be so much happier and more productive if you are physically and mentally healthy.

FIND THE PERFECT STUDY SPACES ACROSS CAMPUS

STUDY SPACE KEY:

You can access any A&S class building with your Commodore Card and grab a quiet room to study

Upstairs Rand is a good, quiet place to study in the evenings, but electric outlets are scarce, so come with a fully charged laptop

Stevenson Library is 24 hours, but we don’t encourage taking advantage of the plethora of all-nighter opportunities this may offer

Computer Labs
Locations in Garland Hall, Hobbs Lab, Stevenson Center, Wilson Hall, and the Wyatt Center offer internet access, printing, and useful software. In addition, there are computers in all libraries and laptops for checkout.

Print Stations
Print stations are conveniently located throughout the campus, including in the lobby of each Ingram Commons house, The Commons Center, Sarratt, and the libraries. You can use your Commodore Card to pay.

Map created by the HOD Project Group L'Donate, Class of 2017 (Anna Gruber, Ethan Lebowitz, Daniel Rubin, Tori O’Connor, Olivia Benjamin, Nina Loy, Lauren Pak).
Welcome to Vanderbilt’s libraries, where librarians and subject experts at nine different libraries have the information you need. Have a research question? Need help with a paper topic? Not sure if your website is a reliable source? We can help.

- The libraries house millions of items, including books, e-books, audiovisual materials, databases, archives, and manuscripts, with subscriptions to more than 100,000 e-journals.
- Group study spaces can be reserved and quiet nooks and crannies abound.
- Public computers as well as printers/copiers and other technology are available in every library, and laptops can be checked out.
- Each campus library houses distinctive physical and digital collections and subject librarians devoted to each academic program, who can provide individual consultation on research skills and use of library materials.
- Food and drink are allowed in the libraries, and Central and Peabody libraries have full-service cafés that accept the Vanderbilt meal plan.

All libraries are open to everyone in the Vanderbilt community and to the general public. Check for building restrictions prior to visiting.

**Library Online Resources**

Books, articles, databases, and library services are available online and through your mobile phone. We offer streaming video and audiobooks, and you can “chat with a librarian” online at any time.

**Help with Research: Ask Us**

Get help finding materials, identifying topics, and presenting your research. Click the ‘Ask a Librarian’ link on our homepage.

**Finding the Resources You Need**

The Jean and Alexander Heard Libraries’ catalog provides integrated, seamless, fast searching of scholarly resources of all types. The catalog provides single search access to a superset of resources, including books in the libraries, e-books, articles, and databases as well as our rare and unique holdings such as the Vanderbilt Television News Archive and digital collections.

A single library interface can be a boon to your research with tools and resources that will improve your assignments. The intuitive system has features similar to search engines you know, as well as easily interpreted results. To learn how to make the system work well for you, ask a librarian! We are here to help.

**Getting Books from Other Libraries: Interlibrary Loan System**

Use interlibrary loan to access items from across the world that the Vanderbilt University libraries do not own. Access request forms via the interlibrary loan link on the homepage or follow links provided in many of the databases accessed through the integrated catalog.

**INSIDER TIPS**

- Did you know you can borrow laptops, chargers, cameras, VR headsets, and even umbrellas at the library?
- You can search on the libraries’ website to see what books are currently available before making the trek across campus. Text yourself the call number!
- Many peer-reviewed articles are available online through the libraries’ databases and the full text can be accessed anywhere with your VUnetID.
- Vanderbilt has subject librarians for every major and field of study. Find your librarian early at library.vanderbilt.edu/subject-specialists.php.
The library seating maps were created by Matthew Deutch, Paris Fan, Kyle Galin, Morgan Hurst, Chara Lynn, Margot McGee, Stefano Scotti, Haydon Tucker, and Grant Valeriano (all Peabody students, Class of 2019) as an HOD class project.

Find yourself overwhelmed? Don’t know how to study effectively for tests? Can’t figure out how to structure your paper? You are not alone. Vanderbilt offers so many ways for you to find support. All you need to do is reach out. Go to your professor or TA to get some clarification on an assignment, to your academic adviser for concerns about requirements or course load, to the Writing Studio for your essay, to the STEM Tutoring Help Desk for your Gen Chem questions, to Tutoring Services for most of your language classes, and to an Academic Skills Workshop to work on study skills or test anxiety.

Writers need readers. We invite you to meet with one of our writing consultants—many of them your peers—to talk about a course paper or any other writing project. We can help you clarify your ideas, strengthen your arguments, and get a new perspective on your writing process.

Appointments are easy to make through our website. Appointments can fill up quickly, but if you don’t see an opening, you have options. You can join our online waitlist to get notified when someone else cancels. You can also come write or study in our space and be on hand to pick up an appointment as a drop-in if another student doesn’t show.

Between our two locations—1801 Edgehill and The Commons Center, Room 217—we are open six days a week during daytime and evening. We also host special events—like our Dinner and a Draft series—and offer online resources, VUPrint, and free coffee! Each spring we hire undergraduates to join our awesome team of writing consultants. Could that be you? Details about the application process are online.

**ACADEMIC SUPPORT**

We cover introductory courses in biological sciences, chemistry, economics, mathematics, and physics. To schedule a one-on-one appointment or sign up for a study session, just visit our website. HONOR VANDERBILT’S CULTURE OF INTEGRITY

A MESSAGE FROM THE UNDERGRADUATE HONOR COUNCIL PRESIDENT

PARRIS SANDLIN, ’20,
College of Arts and Science

The Vanderbilt community comprises driven individuals dedicated to excellence as they strive for greatness. As Vanderbilt students, we excel in all of our pursuits—academic, athletic, artistic, or otherwise. This is all made possible through a collective commitment to upholding the principles of the Vanderbilt Honor System. You now have the privilege of joining our prestigious and respected community and sharing in this collective commitment.

The excellence that Vanderbilt fosters is built on collaboration. As a member of the Vanderbilt community, you will find yourself working with fellow students and faculty to make meaningful contributions to your respective fields of study and to our society. Trust and a commitment to academic integrity is thus essential to your time at Vanderbilt and beyond. As you begin your academic career here at Vanderbilt, I encourage you to reflect on the fundamental values of our university and the responsibilities inherent to our status as a prestigious institution. You will sign the Honor Code in your first week, and in doing so you will pledge to acknowledge the freedoms and support you enjoy from the university alongside the responsibility and commitment to pursue all academic endeavors with integrity.

These principles have guided me from the very beginning of my Vanderbilt career. My commitment to academic integrity inspired me to serve on and now lead the Undergraduate Honor Council. Founded in 1900, the Vanderbilt Undergraduate Honor Council is the oldest student-run organization at Vanderbilt. As a representative body, its members encompass every class and school, and we serve to promote the principles of the Honor Code, support individuals in their dedication to academic integrity, and hold accountable those who violate their commitment to themselves and the university. It is our responsibility, as the students of Vanderbilt, to uphold the prominence of honor and integrity at Vanderbilt University and in our prestigious community.

STATEMENT OF THE HONOR CODE:

Vanderbilt University students pursue all academic endeavors with integrity. They conduct themselves honorably, professionally, and respectfully in all realms of their studies in order to promote and secure an atmosphere of dignity and trust. The keystone of our honor system is self-regulation, which requires cooperation and support from each member of the university community.

“I pledge on my honor that I have neither given nor received aid on this examination.”

—Undergraduate Honor Pledge
TIPS FROM THE UNDERGRADUATE HONOR COUNCIL EXECUTIVE BOARD

Read the course syllabus thoroughly and ask questions of your professor for clarity. Do not make assumptions.
— GRACE WESTFALL (‘20)
College of Arts and Science

Complete work that is representative of your own independent thoughts and knowledge.
— MELISSA KUMI (‘21)
College of Arts and Science

Discuss whether or not submission of your own work from a previous course is acceptable with both your current and former instructor.
— MIKE BELLOLI (‘21)
College of Arts and Science

Make it a point to consult a citation guide and familiarize yourself with proper citations. University librarians are also great resources for citations.
— TROY JIANG (‘20)
College of Arts and Science

Pay attention to course policies on giving or receiving aid before working with other students. It is important to know when collaboration is or is not permitted.
— CAROLYN SIMPSON (‘20)
College of Arts and Science

Ask a professor before referencing exams administered for the same course in a previous semester, homework solutions, or similar forms of aid.
— KURT BERTONE (‘21)
School of Engineering

Avoid cheating and other acts that give you an unfair advantage when taking tests or completing assignments. If there is a form of aid you are considering using, assume it is impermissible until you confirm with your instructor otherwise.
— MASON CLARK (‘21)
College of Arts and Science

Participate in Academic Integrity Week, a series of events held by the Undergraduate Honor Council to educate students about academic integrity and promote a commitment to the Honor Code.
— VICTORIA MITYUL (‘20)
College of Arts and Science

Through the Buchanan Library Fellowship program, our libraries promote undergraduate research.
IMMERSION VANDERBILT

Immersion Vanderbilt calls for each undergraduate student to undertake an intensive learning experience in and beyond the classroom with choices in four pathways: civic and professional, creative expression, international, and research. Starting with the Class of 2022, Immersion Vanderbilt is a degree requirement for all undergraduates. The Office of Immersion Resources (OIR) coordinates Immersion Vanderbilt across campus and a new online environment, ImmersionHub, tracks students’ plans and experiences from the beginning through the submission of their final culminating projects. Learn more at vanderbilt.edu/immersion and look for Immersion Vanderbilt events happening on The Ingram Commons and around campus.

“We are so excited to help students plan and fulfill immersion Vanderbilt, which enhances the Vanderbilt experience in so many meaningful ways.”

UNDERGRADUATE RESEARCH
vanderbilt.edu/undergraduate-research

This website is your information portal on all things research. It offers lots of advice and lists opportunities by school.

What is undergraduate research? It is an inquiry and investigation that you make with the guidance of a faculty mentor into a discipline—whether biology research in a laboratory, examinations of artwork and creativity, or an interdisciplinary investigation that spans majors, fields, and schools.

Why do research? It is a hands-on way to develop problem solving, critical thinking, and professional skills outside the classroom. It allows you to deepen relationships with faculty, prepare for competitive graduate programs, and develop marketable skills for future employment.

When can I do research? Research opportunities are available to all students—regardless of class year—during the fall and spring semesters or over the summer.

How do I begin? There is no one “right” way. For starters, you might talk to your TA, your adviser, your professor, or your VUceptor. Check out our website for general advice about how to get started and involved.

We also invite you to stop by our meditation room for yoga and meditation classes, or for self-guided practice. Workshops are available on a variety of topics as well, including resilience, mindfulness, time management, financial wellbeing, and alcohol and other drug education.

The building is available by card access 24/7 and we invite you to use the meditation room and classroom on your own. You may drop in or call the CSW to schedule an appointment Monday–Friday, 8:00 a.m.–5:00 p.m.

Vanderbilt Recovery Support
Vanderbilt Recovery Support (VRS) is a program of the Center for Student Wellbeing. Students concerned about their alcohol or other drug misuse, including those in active recovery from addiction, are welcome to attend our open weekly meetings in the VRS lounge located in the Center for Student Wellbeing. Individual coaching, mentorship meetings, monthly seminars, and recovery housing, which provides a sober living environment with accountability measures, are also available to those working on recovery. Additionally, a weekly friends and family support group is provided for anyone impacted by a loved one’s use.

“I moved to Nashville from Nebraska to attend Vanderbilt in 1997 and never left! I enjoy working with students to identify strengths and resources that will support their academic and personal success at VU. I also love being a part of campuswide wellness initiatives and programs, such as LEAPS (Liaisons Educating and Advocating for Psychological Support) and the Vanderbilt [IM]Perfection Project. I am thrilled to be at CSW and invite you to stop by and visit our beautiful space.”

STUDENT HEALTH CENTER
Zerfoss Center (across from McTyeire and adjacent to Stevenson Center)
Hours: Mon.–Fri., 8:00 a.m.–4:30 p.m.
24/7 emergency consultations: (615) 322-2427
vumc.org/student-health

The Student Health Center is your on-campus primary care clinic, here to serve your health care needs during your time at Vanderbilt. We provide a wide range of services including acute care for unexpected injuries or illnesses, chronic disease management, gynecology, STD screening, injection clinic, nutrition, and sports medicine. The Student Health Center is also here to serve your travel needs and can do all vaccinations necessary for your adventure overseas. We can help make sure you are well prepared for study abroad or pleasure travel outside of the United States.

Our staff includes physicians, nurse practitioners, nurses, and a lab technician. There are no charges for the office visits or consultations themselves (those are covered by your tuition), but if you require lab work or medical supplies, you may be charged minimal fees. Any larger charges you incur, such as X-rays at the Vanderbilt University Medical Center, will be billed by the Medical Center to your insurance company.

How to Get Seen by a Medical Care Provider
We encourage all students who need medical care to call (615) 322-2427 or schedule online at vumc.org/student-health/online-appointments for an appointment. This allows you to pick a time that works best with your schedule and is generally the most efficient way to receive care. You will usually be able to get an appointment within 1–2 days, but if you have an urgent problem, you will be seen on a same-day basis. We always leave appointments available for such urgent matters, but if they are filled, you can still come to the clinic to be “worked in” on a first-come, first-served basis.

“My childhood was spent in Mobile, Alabama, and Vestal, New York, and I have a B.S. in Genetics from Cornell University. I came to Vanderbilt in 1986 for medical school and stayed on for residency and a chief resident year in internal medicine. In 1998, after three years in private practice, I found my medical home at the Student Health Center. Taking care of Vanderbilt students is one of the greatest joys and privileges of my life. I have been married for 25 years and have two teenagers at home, an 18-year-old son and a 20-year-old daughter, who will both be in college for the 2019–2020 school year. In my free time, we enjoy watching sports, hiking, and playing with our two spoiled hound dogs.”

PROJECT SAFE CENTER
304 West Side Row behind McGill Hall
Office (615) 876-0660 • vanderbilt.edu/projectsafe

The Project Safe Center for Sexual Misconduct Prevention and Response partners with students, faculty, and staff to create a campus culture that rejects sexual harassment, sexual assault, and intimate partner violence. Project Safe supports survivors of sexual violence and engages the campus community in bystander intervention efforts and sexual assault, dating/domestic violence, and stalking prevention programming.

The Project Safe Center assists students in obtaining medical care and connecting with law enforcement and helps students understand the range of options and resources available to those impacted by sexual harassment, sexual assault, and intimate partner violence, including interim measures such as academic, housing, transportation, or other accommodations. Project Safe's services are available to all students, regardless of when and where an incident occurred, including students who have experienced violence or abuse prior to enrollment. The Project Safe Center is designated as a limited confidential resource (see bottom of page 51 for an explanation).

Students may call the office to schedule an appointment, drop in Monday–Friday, 8:00 a.m.–5:00 p.m., and/or call the hotline to speak to a Victim Resource Specialist.
24-Hour Hotline:
(615) 322-SAFE (7233)
Confidential Resources
Offices designated as “confidential” will not report any information to the Title IX coordinator. These conversations are kept strictly confidential and, except in rare, extreme circumstances (including imminent risk of harm to self or others), nothing will be shared without your permission. Confidential resources on campus include the University Counseling Center, Student Health Center, and pastoral counselors with the Office of the University Chaplain and Religious Life acting in their capacity as clergy.

Limited Confidential Resource
The Project Safe Center is the only limited confidential resource on campus. Students can speak with Project Safe staff anonymously and/or confidentially without revealing personally identifying information about an incident to the university. Project Safe only provides the Title IX Coordinator with information related to the nature, date, time, and general location of an incident, except in limited circumstances involving, for example, minors and/or serious and immediate threats to campus safety. See the Sexual Misconduct and Intimate Partner Violence Policy for more details.

Mandatory Reporters
All other staff (including Housing and Residential Experience, Student Accountability, LGBTQI Life, VUPS, VUceptors) and faculty are required by law to report incidents of sexual misconduct and intimate partner violence to the Title IX coordinator and relevant administrators so that the university can take action, if necessary, for reasons of safety. In planning any response, the Title IX coordinator will consider the interests of the victim and the university’s commitment to a safe and nondiscriminatory environment for all members of the university community.

OUR COMMUNITY STANDARDS: SEXUAL MISCONDUCT AND INTIMATE PARTNER VIOLENCE

Sexual misconduct and intimate partner violence are antithetical to Vanderbilt’s values and standards and have no place in the community.

Vanderbilt’s policy requires students to obtain effective consent when engaging in sexual activity. Effective consent is consent that is informed, freely and actively given, and consists of mutually understandable words or actions indicating a willingness to engage in mutually agreed-upon sexual activity.

In general, students are expected to show care and concern for fellow community members. One way they may do this is by intervening, when appropriate, to ensure the safety and well-being of a friend. Vanderbilt provides opportunities for students to learn how to be an effective bystander and strategies for intervening appropriately and safely.

OUR COMMUNITY STANDARDS: ALCOHOL AND DRUG POLICIES

Alcohol and Drug Policies at Vanderbilt reflect and supplement all state and local laws pertaining to alcohol as well as illicit and prescription drugs, including underage possession and consumption of alcohol. Here are summaries of a few of Vanderbilt’s policies that are helpful for members of our community to understand.

SANCTIONS: The student accountability system has five levels of sanctioning for violations of university policy: educational conference, deferred probation, probation, suspension, expulsion. The student’s previous record, honesty, and cooperation, and the seriousness of the offense will be taken into account in the determination of sanction. An Accountability Action Plan may accompany all sanctions, except expulsion.

CONSEQUENCES for students placed on disciplinary probation include the loss of the privilege of studying abroad, holding offices or leadership positions in student organizations, or holding certain other positions, including as a resident adviser, VUceptor, or tour guide. In addition, the Interfraternity, National Pan-Hellenic, and Panhellenic Councils have policies restricting participation in recruitment or the ability to join a fraternity or sorority while on disciplinary probation.

THE IMMUNITY RULE provides that students who seek medical attention for intoxication and those who help them in doing so may not be formally disciplined for the intoxication and the underlying violations of drug and alcohol policies, provided that the sole reason the student’s intoxication was discovered by university officials was through the seeking of medical care; however, a student that receives immunity will be required to complete a drug or alcohol assessment.

TITLE IX AND STUDENT DISCRIMINATION OFFICE
(615) 343-9004 • vanderbilt.edu/title-ix

The Title IX and Student Discrimination Office investigates and responds to allegations of prohibited discrimination, harassment, and retaliation involving members of the Vanderbilt community. This includes allegations of sexual misconduct and other forms of power-based personal violence. Vanderbilt’s Title IX coordinator is Molly Zlock.

If you believe you have been subjected to prohibited discrimination, harassment, sexual misconduct, or retaliation, please contact the Title IX and Student Discrimination Office. If the offense is criminal in nature, you may also file a report with VUPS.

The Title IX and Student Discrimination Office also facilitates interim accommodations for students impacted by sexual misconduct and discrimination. Some examples of interim accommodations include stay away orders, adjusted course schedules, and housing changes.

For additional information refer to the Student Handbook at vanderbilt.edu/student_handbook.

The SAS staff assists departments with providing reasonable accommodations for students with disabilities; ensures that Vanderbilt programs and events are accessible to the Vanderbilt community and visitors; monitors the accessibility of university buildings; and provides training on disability-related issues.

Students seeking accommodations for any type of disability are encouraged to contact Student Access Services. Services include, but are not limited to, extended time for testing, assistance with locating sign language interpreters, audio textbooks, physical adaptations, note takers, and reading services. Specific concerns relating to students with disabilities or any disability issue should be directed to Student Access Services, PMB 401809, 2301 Vanderbilt Place, Nashville, TN 37240-1809; phone (615) 343-9727; fax (615) 343-0671; vanderbilt.edu/student-access.
The Vanderbilt University Police Department, through its community-oriented policing philosophy, plays a vital role in the lives of students living on campus and is committed to maintaining a safe, secure environment for Vanderbilt students, faculty, staff, and visitors. Our focus of community-oriented policing is to prevent crime and resolve community issues, not just to respond to crime. We work closely with other organizations to educate community members about potential hazards and how to reduce the likelihood of becoming a victim of crime.

Here are a few things we offer for your safety and that of your belongings.

**AlertVU**
alertvu.vanderbilt.edu
All Vanderbilt students, faculty, and staff are automatically enrolled in our emergency mass notification system to receive emails in the event of an emergency that poses an imminent threat or danger to the Vanderbilt community. However, if you want to receive these messages on your cellphone (voice or text), you need to sign up on our website. You can also register a parent or family member.

**VandySafe**
police.vanderbilt.edu/services/vandysafe.php
VandySafe, previously known as SafeVU, is a free app that lets you connect directly from your cellphone to Vanderbilt University Police Department. The app allows users to contact VUPS via phone call or real-time chat, trigger a mobile Bluelight that shares your location instantly with VUPS, and submit reports or crime tips. Users can initiate a "Virtual Walkhome" through which VUPS can monitor your journey home, to the car, or to the office. VandySafe also allows users to view Vandy Van information and other emergency guides. Download VandySafe on your smartphone through the Apple and Google Play stores today!

**Operation ID for Bikes and Laptops**
Theft of unsecured property is one of the most prevalent crimes on college campuses. Operation ID helps deter theft and increases the ability of officers to return found or stolen property to its owners.

Register your laptop or bicycle online at police.vanderbilt.edu/staff_student/registerpossessions.php. Please have your brand, model, and serial number information ready when registering.

**Meet Jack, VUPD’s First Community K-9 Officer**
Jack, a two-year-old yellow Labrador retriever, is one of VUPS’s newest members and serves alongside his patrol partner/handler Sergeant Shaneithia Lewis. Jack is unique and his relationship with VU students, staff, and faculty is encouraged as he is always available for petting. Both Sergeant Lewis and Jack provide assistance in positive outreach as well as emotional support during stressful situations. The campus community may request Lewis and Jack to make appearances where additional support is needed. police.vanderbilt.edu/about/k9unit.php

For information about Vandy Vans and safety escorts, both services provided by VUPS, see page 74 in the “Getting Around” section.

**Emergency Phones**
As you travel across campus, become aware of the phones labeled “Emergency” with a blue light at the top. These phones will automatically dial the VUPS Communications Center when the emergency button is pressed. An open line on any emergency phone will activate a priority response from an officer, who will be sent to check on the user of the phone, even if nothing is communicated to the dispatcher. The campus map on p. 38 shows all emergency phones.

**Emergency Preparedness**
emergency.vanderbilt.edu
Disasters happen quickly, often with little or no warning. The VUPS Office of Emergency Preparedness website provides emergency guides, resources, and contacts that help you prepare for emergency situations ranging from severe weather and natural disasters to medical emergencies and law enforcement situations.

**Severe Weather Early Warnings**
Accuweather, a commercial weather service, monitors any severe weather approaching the Vanderbilt campus. If a tornado is detected within 15 minutes of campus, a dispatcher will activate an AlertVU notification and the Vanderbilt outdoor sirens located across campus. For additional severe weather safety information, simply click the Weather button at emergency.vanderbilt.edu.
EXPERIENCE VANDERBILT

Experience Vanderbilt (EV) breaks down financial barriers between you and the extracurricular experiences that define the Vanderbilt experience. We provide funding to students to participate in extracurricular activities that they otherwise might not be able to afford. EV supports all types of experiences—student organizations, club sports, dance classes, service trips, arts and cultural groups, outdoor recreation trips, Greek Life—any registered Vanderbilt student organization that has costs associated with participation. We believe cost shouldn’t stop you from making new friends, growing professionally, or enjoying college outside the classroom.

You may apply for EV funding if you are an undergraduate student currently eligible for need-based financial aid. You can still apply even if you do not yet know what organization you would like to join! The application will be available on Anchor Link beginning August 23, 2019. The deadline to submit the application for the 2019/2020 academic year is Wednesday, September 11, 2019, at 11:55 p.m. Please email experiencevanderbilt@vanderbilt.edu with any questions.

If you are passionate about breaking down financial barriers and are interested in joining the mission to make our campus more financially inclusive, please email experiencevanderbilt@vanderbilt.edu to learn more about becoming a member-at-large on the student-led Experience Vanderbilt Executive Board.

Twenty-four years after coming to Vanderbilt as a scholarship athlete on the football team, I’m still at Vanderbilt and loving every minute of my experience! I love mentoring students and creating learning experiences that help to shape their personal and career aspirations. Additionally, I have passions for photography, health and fitness, and “DIY” projects. I love walking around campus and nostalgically reliving my glory days. My fondest college memory happened the night of my 21st birthday when I walked into the Black Cultural Center, and my friends jumped out of the dark screaming ‘SURPRISE!’ Now as the director of the BCC, I look forward to creating a lifetime of positive memories and experiences for ALL Vanderbilt students.”

Membership in the Greek community provides students the opportunity to be part of a campus tradition dating back to the school’s founding. The roughly thirty Greek organizations are rooted in founding principles that foster academic achievement, student involvement, service within the community, and lifelong friendships. Approximately 35 percent of undergraduate students are members of the fraternity and sorority community. Chapters are looking for well-rounded students who will contribute to their organizations, the campus, and the Nashville community.

Vanderbilt University observes a deferred joining process providing students an opportunity to become better acquainted with being part of the VU community before affiliating with a fraternity or sorority. It also allows students to attend a variety of information sessions and informal activities throughout the fall semester to learn more about the Greek community and explore whether or not they are interested in joining a fraternity or sorority. Students interested in joining a fraternity or sorority may do so during second semester, if they have completed 12 credit hours, are not on disciplinary probation, and meet the grade point average requirements.

GET TO KNOW NASHVILLE
Anyone who has ever stepped in the Nashville International Airport has heard the following sentence play over the PA: “Hello, this is Trace Adkins. Welcome to the Nashville International Airport. We’re happy to have you.” Do you think world-famous country stars just show up anywhere and record these messages? No way. Trace knows that people flock from all over the world to Music City. And you get to spend four years here!

This is an incredible compilation of 32 musts, all of them off campus, all of them integral parts of the city. We’ve combined the famous and the obscure, the world-renowned classics and the best-kept secrets. This is more than a list of tourist attractions: this is the true Nashville experience. NUTS AND BOLTS
YOUR CARD ACCESS TO THE RESIDENCE HALLS

Main Portals
As a resident of your building, you have 24/7 access to your building through a designated “main portal.” In most cases, these are the architectural “front doors” of the residence halls.

Common Areas
Certain areas within each building are considered “common areas.” These include some lobbies, seminar rooms, laundries, etc. If access to common areas is separated from residential floors or parts of floors, all students can access the common areas 24/7 through the main portals.

Upperclass Areas
In upperclass residence halls, the residents of those halls have access to their residence halls only. In other words, nonresidents do not have card access to any parts of other residence halls.

Residential Floors
Card access to residential floors of a building is restricted to residents of that building 24/7. If you want to visit a residential floor of another building, a resident of that other building who has card access privileges to that floor must escort you. The host resident is then responsible for the presence and actions of their guest(s).

Access to Other Floors
Within buildings where males and females live on separate floors, all female residents have 24/7 card access to female floors, and all male residents have 24/7 card access to male floors of their own buildings. Between noon and midnight, seven days a week, all residents of a building have card access to all residential floors of their building. Between midnight and noon, students of one sex can gain access to a floor of the opposite sex but only if escorted by a resident of that floor. The host resident is then accountable for the presence and actions of their guest(s).

Exceptions
Some access points differ from these guidelines for security or architectural reasons.

Changes
Access policies are subject to change at any time.

The Commodore Card Is Your “Key” to Your Residence Hall and Floor
All exterior house entrances and entryways (stairwells and elevators) to residential floors are controlled by a card access system 24 hours per day, 365 days per year.

To access your house and floor, tap your card on the card reader located at the entryway. On elevators, tap your card before pressing the button for your floor. One deliberate card tap is generally sufficient.

QUICK GUIDE TO THE COMMODORE CARD
One of the most important items you will need as a Vanderbilt student is your Commodore Card. It is your:
1. University identification
2. “Key” to your residence hall and floor
3. “Key” to food (meal plan, meal money)
4. “Commodore Cash” for the bookstore, laundry, ridesharing, athletic events, VUprint printing, and many other services
5. Library card to check out items such as books, films, and laptops
6. “Ticket” to ride the Nashville bus system
To add Commodore Cash, check your account activity and balance, or find more information about the Commodore Card, check out vanderbilt.edu/commodorecard.

Commodore Card GET App
Manage your Commodore Card with the GET app. Check balances, add funds, mark your card lost or found, and even pay for purchases at some locations. Search the Google Play and Apple App stores for “CBORD GET” or go to vanderbilt.edu/cardservices.

INSIDER TIP
The side doors of all residence halls lock at 8:00 p.m. Enter through the front at night, and be ready to flash your Commodore Card to the Allied Universal security guard.
THE FIRST-YEAR MEAL PLAN

Your meal plan can be used in twenty-two locations across campus. You will be able to choose from a large variety of foods and serving styles to meet your tastes.

THE FIRST-YEAR MEAL PLAN INCLUDES:

- 21 meals per week
- 5 guest meals per semester, which you may use at your discretion
- $200 in Meal Money per semester

- A “Meal” is a complete combination of items from the menu that composes a meal. That combination may differ from one dining location to another, depending on the menu and type of service offered. At each location, signs define the items that compose a meal at that venue. Meals may be used at all on-campus locations, one meal per hour.

- **Meal Money** can be used to tailor the plan to your specific needs. Get an extra entrée, side, or dessert with Meal Money. It can be used at all on-campus locations, vending machines, and campus markets. Meal Money can also be used off campus at thirty-five partner restaurants in the Taste of Nashville program.

- **Guest Meals** can be used anytime to offer flexibility. Use one for yourself to get an extra meal in a meal period or to treat someone else. Add Guest Meals online anytime.

- **Taste of Nashville (TON)** allows you to use your Commodore Card just as you would a debit/credit card at our partner restaurants. Purchases at Taste of Nashville locations are charged against your Meal Money. (“Meals” and “Guest Meals” cannot be used off campus.) Visit campusdining.vanderbilt.edu/taste-of-nashville/ for the complete list of participating restaurants and to place orders online for delivery. See pages 67–68 for TON restaurants and their locations.

- **Individual Dietary Accommodations**: Vanderbilt Campus Dining is equipped to serve students who have food allergies, health conditions, or religious restrictions. For details, see campusdining.vanderbilt.edu/nutrition.

- **Campus Markets** offer fresh fruits and vegetables, snacks, beverages, grab-n-go sandwiches and salads, fresh baked goods, plus health and beauty items, bookstore supplies, and more. You may use a Meal Plan, Guest Meal, Commodore Cash, or Meal Money at all campus markets.

INSIDER TIPS

• Rand lunch rush is very crowded but clears up pretty quickly. Try to go at 12:30 p.m. to avoid the lines—that way you can have thirty minutes to do something else and then can quickly get your food. Or check out Bamboo Bistro pho in E. Bronson Ingram College or Local Java Coffee Shop in Sarratt instead.

• You can combine REAL food with MUNCHIE FOOD at The Kitchen at Kissam!
Vanderbilt’s compact campus can be traversed from one end to the other in a fairly short time, and many restaurants and other attractions are very close. Nonetheless, there are many transportation options for getting around.

GETTING AROUND CAMPUS BY VAN AT NIGHT

Vandy Vans
vandyvan.doublemap.com

The vans run daily from 6:00 p.m. to 3:30 a.m. and are managed by Vanderbilt University Public Safety. An ADA-compliant shuttle runs one of the routes but will divert to any designated Vandy Van stop as needed.

Route Stops
BLACK Route and GOLD Route — E. Bronson Ingram, Central Library, Hank Ingram, Village at Vanderbilt, Blair School of Music, The Highlands, Blakemore House, Sarratt/Rand

To get a visual of where the stops are, see the campus map on p. 38 or go to: vandyvan.doublemap.com/map

Mobile Maps
Download the DoubleMap app on the Apple App Store or Google Play and select Vanderbilt University to access Vandy Van arrival predictions, see live bus maps, and look up stop numbers from your mobile phone.

GETTING AROUND CAMPUS SAFELY AT NIGHT

Safety Escorts
Vanderbilt University Public Safety provides safety escorts to students going to and from any location on campus during the nighttime hours. All you have to do is call (615) 421-8888 (cellphone) or 1-8888 (on campus). The Virtual Walkhome feature through the VandySafe app also assists individuals going across campus by allowing VUPS dispatchers to monitor a user’s trip until the user reaches their destination.

GETTING AROUND BY BIKE

Bring Your Own
If you bring your own bike, make sure you have a U-lock to secure your bike. Also, for additional precaution, register your bike through Operation ID at police.vanderbilt.edu/staff_student/registerpossessions.php.

Rent One through Nashville B-cycle
nashville.bcycle.com
B-cycle allows you to purchase 24-hour passes and memberships, select your bike, and return it to any B-station location, including one close to The Ingram Commons at the corner of Wedgewood and 21st Avenue.
GETTING AROUND TOWN ON FOUR WHEELS

Rent a Car through Zipcar or Enterprise CarShare
vanderbilt.edu/traffic_parking
(Click the “Transportation” tab)
Zipcar and Enterprise CarShare are membership-based car sharing services for Vanderbilt students. You can drive cars by the hour or day, any time of the week, for running errands, going to the airport, shopping, visiting family, and more. Members can reserve the car online or over the phone. Gas, maintenance, insurance, and campus parking are all included in the cost. Cars are conveniently located around campus, including Magnolia Circle on Peabody. For current program costs, check their respective websites.

Take a Nashville MTA Bus (Free for Vanderbilt Students)
nashvillemta.org
You can ride buses around Nashville to various malls and sightseeing locations with just a swipe of your Commodore Card. Pick up bus schedules in The Commons Center by the post office or the Rand Post Office, or go to the MTA website.

Get a Cab and Pay with Your Commodore Card
nashvillecab.com
You can use Commodore Cash on your Commodore Card to pay for cabs around Nashville. Nashville, Diamond, and Allied Cab are the only companies that accept the card. Make sure to ask your driver if they take Commodore Cash. Two students may split fares.

Get an Uber or Lyft (Popular On-Demand Car Services with Reasonable Prices)
Uber and Lyft allow you to request private drivers through apps for iPhone and Android devices. The services send the nearest driver to your location. These services provide a cashless solution that charges your ride directly to the credit card on file with your account. If you have questions about Uber and Lyft and how to sign up, refer to their websites. Uber accepts Commodore Cash.
Vanderbilt Student Government has partnered with Lyft to offer exclusive Lyft ride discounts just for Vanderbilt students. Make sure to check the weekly VSG newsletter for opportunities for free or discounted rides to locations and events around Nashville. VSG also provides Lyft codes to the airport during Thanksgiving and Spring Break. Codes will sometimes be available during additional breaks as well.

ENROLL IN VandySafe

VandySafe, previously known as SafeVU, is a free app that lets you connect directly from your cellphone to VUPS. The app allows users to contact Vanderbilt University Public Safety via phone call or real-time chat, trigger a mobile BlueLight that shares your location instantly with VUPS, and submit reports or crime tips. Users can initiate a “Virtual Walkhome” through which VUPS can monitor your journey home, to the car, or to the office. VandySafe also allows users to view Vandy Van information and other emergency guides. Download VandySafe on your smartphone through the Apple and Google Play stores today! To sign up, go to police.vanderbilt.edu/services/vandysafe.php.
